<i>Subject:</i> CONTACT INFO: greg.storey@finnegan.com / 650.849.6764. RECEIPT DATE: November 23, 2012. Additional information received after business hours: Wed, Nov 21, 2012 at 6:42 PM. Federal Holiday: November 22, 2012. REQUEST: Trans Bay Cable placed an order with Siemens for Siemens to design, manufacture, test, and install two converter stations (one in Pittsburg, CA, and one in San Francisco, CA) for the sub-marine HVDC transmission link under San Francisco Bay that extends from Pittsburg, CA to San Francisco. The converters are described as "modular multi-level HVDC PLUS converters." Documents requested: all circuit schematics showing the structure, function, and/or design of all electrical circuits used in the Siemens converter stations; all documents showing or pertaining to how the timing of the switches in the converters is controlled; all documents pertaining to the "PLUSCONTROL" or "plus control" module, or other modules with similar functionality; and all documents explaining or showing how the Siemens converters reduce harmonic corruption. We are willing to pay all reasonable fees. Additional information received via e-mail: 11/22/12. Below are some of the docket numbers that may be relevant to our FOIA request: ER05-985, ER10-116, ER11-2580, ES10-4, ER11-3048, ER11-2970, EL11-46 EL11-49. As discussed, we are looking for information on the electrical control modules of the switching converter used in the two Siemens HVDC Plus converter stations used by Trans Bay Cable LLC in its submarine cable running from Pittsburg, CA to San Francisco, CA. Trans Bay Cable is a PTO operating under the Calif. ISO. The relevant time frame is 2007 to the present. One document I'd find particularly useful is the Operations Manual that Siemens drafted for these converter stations. In addition, any technical documentation pertaining to these converters would be helpful. Determination letter indicating the no responsive documents were identified for this request -12/13/12.

<p><i>Subject:</i> CONTACT INFO: ajames@nyenvlaw.com/ 585-546-8430. EXPEDITED TREATMENT RESPONSE DUE - February 15, 2013. Federal agencies in DMV closed on 3/6/13 due to weather emergency. TWENTY DAY STATUTORY DUE DATE: March 6, 2013. REQUEST: (1) The Memorandum of Understanding (the "MOU") made the 30th day of November, 2012 by and between the State of New York, acting by and through, the New York State Office of Parks, Recreation & Historic Preservation, the New York State Power Authority and the Maid of the Mist Corporation. (2) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to the MOU. (3) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to the former Schoellkopf Power Station (the "Site"), which has been nominated to be on the Historic Registry and is within the Niagara Reservation, a site on the Historic Registry, including the Sites collapse into the Niagara River. (4) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to the Maid of the Mist boat dock (the "Project") proposed to be built on the Site. (5) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to environmental impacts the Project will have on the underwater land and on land of the Site including any impacts on endangered species. (6) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to the Project Environmental Assessment Form ("EAF") recently drafted and sent to your agency attention. (7) Any and all documents, communications, reports, permit applications, permits, maps, and/or approvals related to the Site and the Project referenced in the MOU. Expedited Urgency: yes. Expedited Justification: The proposed boat dock is located within the oldest state park, the Niagara Reservation (Niagara Falls State Park) which is on the National Historic Registry. Further, the proposed boat dock is to be build directly on top of the former Schoellkopf Power Station, a specific site nominated to be on the National Historic Registry and which remains still exist beneath the rubble of a rock slide in 1956 that demolished one of the largest hydro-electric facilities and which was the birth place of AC electricity. As such, the proposed boat dock is scheduled to be built on a significant historic archaeological site. 2/11/13-Letter denying request for expedited treatment. 3/5/13 - Response letter indicating that no responsive documents were identified in FERC files for this request.</p>

By this, I mean one-time type responses to Committee inquiries. You may exclude from the scope of this request regular periodic reports. You may exclude from the scope of this request constituent responses to a congressional office. This is a narrow request involving a small number of responsive records. You may limit the search for records to include only that office or offices that would be likely to communicate with Congressional Committees. This is an individual noncommercial request that falls into the fee category "all other requesters". Please release all segregable releasable portions. I agree to pay up to \$30 for statutory fees associated with this request. Please do not send me letters that require a signature; ordinary U.S. mail or email would be fine. General Counsel forwarded request to FOIA office: May 21, 2013. REQUEST: Pursuant to 5 United States Code Section 552 (aka Freedom of Information Act), request is hereby made on the Federal Energy Regulatory Commission to provide a copy of the 70-page "confidential" report of FERC regarding alleged market manipulation by JP Morgan Chase. By way of identifying this document, attached hereto are copies of (1) article captioned "JP Morgan Caught in Swirl of Regulatory Woes" from the May 2, 2013 edition of The New York Times, and (2) article captioned "FERC finds JP Morgan manipulated power trading: report" from the May 3, 2013 edition of Fox Business News. My search of the FERC e-Docket and e-Library did not discover this report. According to these articles, The New York Times has reviewed this report, which raises the question of why it is referred to as "confidential." REQUEST: Seeking to obtain geospatial data of proposed Jordan Cove facility and Pacific Connector LNG pipeline (FERC dockets CP13-492 and CP13-483) I make this request on behalf of Rogue Riverkeeper and Cascadia Wildlands for electronic files related to the Pacific Connector Liquefied Natural Gas (LNG) pipeline proposal. This request is being made to the Federal Energy Regulatory Agency, United States Forest Service and Bureau of Land Management simultaneously in the interest of expediency and efficiency. The requestors do not expect duplicate responses, but are interested in getting the information in a rapid time frame. Pursuant to the Freedom of Information Act please send electronic files that contain the following data. 1. Geospatial data of the proposed Jordan Cove facility, Pacific Connector pipeline route and other features in ESRI shapefile, geodatabase or Keyhole Markup Language (.kml or .kmz) and specifying datum and projection if applicable. 2. Features included in this data should include but are not limited to, the pipeline route, route clearing zone, extra work areas, uncleared storage areas, access roads, power plant site and mitigation sites or any other footprints or features relating to Jordan Cove or the Pacific Connector pipeline. We emphasize that this request applies to all described documents whose disclosure is not expressly prohibited by law. If you should seek to prevent disclosure of any of the requested records, we request that you: (i) identify each such document with particularity (including title, subject, date, author, recipient, and parties copied), (ii) explain in full the basis on which non-disclosure is sought, and (iii) provide us with any segregable portions of the records for which you do not claim a specific exemption. FY13-00100-000	Gorton, Ann	Garti, Marti Anne	Pace Environmental Litigation	9/27/2013	10/28/2013					
<i>Subject:</i> CONTACT INFO: We write pursuant to the Freedom of Information Act ("FOIA"), codified in part at 5 U.S.C. § 552, to request from the Federal Energy Regulatory Commission ("FERC") a true and complete copy of the following record: Exhibit I of the application for the proposed Constitution Pipeline, under CP13-499, which was submitted to FERC as part of file 004_Constitution_7c_Application_2013-0613_3of5.PDF, but excluded from public access as privileged. (See pages 9-10.) The application is available at http://elibrary.ferc.gov/idmws/file_list.asp?accession_num=20130613-5078 . The Pace Environmental Litigation Clinic has been retained by Stop the Pipeline, and needs these contracts in order to independently assess the need for the proposed Constitution Pipeline, and analyze the viability of alternatives to it. The entire application for a certificate of public convenience and necessity, and the resulting authorization for the use of eminent domain, changes on the terms of these agreements. Such vital documents should not be withheld from public scrutiny.
