	<i>Subject:</i> Received via Fed Ex: 10/31/13. Previous FOIA request - FOIA-13-96. REQUEST: The items in this FOIA request relate to the Federal Energy Regulatory Commission's (the "FERC") March 6, 2008 Order Denying Complaint in Black Oak Energy LLC, et al. v. PJM Interconnection LLC (the "Black Oak Order I") and the FERC's September 17, 2009 Order Accepting Compliance Filing in Black Oak Energy LLC, et al. v. PJM Interconnection LLC (the "Black Oak Order II"). The FERC citation for the Black Oak Order I is 122 FERC ~ 61,208. The docket number for the Black Oak Order I is EL08-14-000. The FERC citation for the Black Oak Order II is 128 FERC ~ 61,262. The docket number for the Black Oak Order II is EL08-14-002. The FOIA request includes the following items: 1. Internal agency documents prepared by the FERC's staff analyzing the issues addressed by the FERC in the Black Oak Order I and the Black Oak Order II. 2. Documents prepared by the FERC's Office of Energy Market Regulation ("OEMR") or other FERC department or staff, analyzing or discussing the concept found in paragraph 51 of the Black Oak Order I that paying excess loss charges to arbitrageurs may result in arbitrageurs making "trades that would not be profitable based solely on price differentials alone." See Black Oak Order I 122 FERC ~ 61,208 at P 51. 3. Documents prepared by the FERC's OEMR, or other FERC departments or staff, analyzing or discussing the FERC's decision to reverse Black Oak Order I and hold that PJM is required to pay arbitrageurs a proportionate share of line loss surpluses related to virtual trading. 4. Documents prepared by the FERC's OEMR, or other FERC departments or staff, in preparation of issuing Black Oak Order II that analyze or discuss the FERC's conclusion in paragraph 51 of Black Oak Order I that paying excess loss charges may influence arbitrageurs virtual trades, and the ultimate effect of the FERC's decision in Black Oak II on that concept. Determination letter denying release of material pursuant to exemption 5 - 11/26/13

FY14-00013-000	Frye, Nneka	Jones, Thomas (Media)		11/8/2013	12/10/2013	11/26/2013	Closed			
		<i>Subject:</i> Accepted: November 8, 2013. Received via e-mail: Thu, Nov 7, 2013 at 6:12 PM. A copy of correspondence from United States Congressman William Cassidy (LA-6) and the response to the correspondence (January 2009 to present.) I am not seeking information related to casework conducted by the Congressman on behalf of individual constituents. I believe the correspondence are most likely to be held by your Office of Congressional Affairs and likely tracked within a correspondence management system. I am specifically looking for correspondence regarding legislation or regulations, recommendations for executive branch positions or appointments, or support or opposition to federal funding for programs, projects, or companies.								
		In order to help to determine my status to assess fees, you should know that I am using this information to better inform the public about the operations of Congress. Specifically I operate a public blog that chronicles the operations of the United States Congress with a specific focus on the Senate and individuals looking to enter the United States Senate. Disclosure of the correspondence is in the public interest because it will shed light on the operations, and especially the interaction, of the Legislative and Executive branches of government. For those reasons these documents are likely to contribute significantly to public understanding of the operations and activities of the government and I therefore request a waiver of all fees for this request. Finally I request that whenever possible, the documents be transmitted to me in an electronic format as an attachment to an email. Determination letter releasing materail in full. 11/26/13

		<p><i>Subject:</i> Accepted: 1/2/14. Extension due date: 2/14/14. EXPEDITED TREATMENT DUE DATE: 1/12/14. STATUTORY DUE DATE: 1/31/14. I am writing as the president of a non-profit group called "Spectrabusters." We are opposed to the proposed Methane gas pipeline that will be buried just three feet under the rolling farmland of Alabama, Georgia and Florida. The information requested below will be used only for contact and educational purposes. Our group wishes to speak to these landowners and educate them as to the proposed pipeline. After having attended numerous "information meetings" held by Sabal Trail LLC and Spectra Energy, we do not feel that Spectra or Sabal Trail LLC adequately informs the public of the potential harm that can be caused and risks posed by this pipeline. We hereby request the following: a list of each and every landowner in Florida contacted by Sabal Trail LLC by mail to inform them that they are on, or may be on, the proposed pipeline and or proposed survey map for this project. Elibrary accession numbers: Accession number 20131004-5123 (Sabal Trail). Accession number 20131115-5085 (Sabal Trail). Redacted version of previously released list, Accession no. 20131004-5123, provided via email -1/10/14. Letter denying request for expedited treatment-1/13/14. Notice of Intentot release -2/7/14. 		<p><i>Subject:</i> Received in FOIA office/Accepted: 1/3/14. As you are probably aware, there was a massive nuclear accident in Fukushima, Japan on March 11, 2011 which released large amounts of radiation into the atmosphere and into the Pacific Ocean. The materials in the air took days to reach the continental U.S., the materials released into the Pacific Ocean will reach our shores soon. As such, I request the following information: 1) The results of all air, water, fish, animal and food tests (or studies) performed by the Federal Energy Regulatory Commission (FERC) for the specific purpose of monitoring radiation spread in the U.S. from the Fukushima, Japan nuclear accident, which tested for radiation or radio nuclides in the continental U.S., Alaska, Hawaii and in the Pacific Ocean, from March 11,2011 to the present, AND; 2) The locations and dates where samples for the tests above were taken, AND; 3) A list of nuclear materials for which the FERC tests, in connection with any nuclear power plant accident, AND; 4) A list of locations, if any, where the FERC intends to conduct future tests so as to monitor (within the U.S.) the effects of the Fukushima accident, AND; 5) A schedule showing the frequency of tests to be conducted in connection with #4 above, (i.e. How often will the tests be done?), AND; 6) Any computer projections, presentations, animations or simulations showing the actual or anticipated spread of nuclear materials from the Fukushima accident. 7) A list and description of all assistance the FERC has provided to other US Gov't Agencies in connection with the Fukushima situation. 8) The FERC safe/acceptable levels/limits in air, water and food [or the radioactive materials, on the two attached sheets. I prefer to receive the material above on a CD-ROM but the attached sheets can be filled out by hand. I am prepared to pay the fees connected with this request. If you have any questions, I can be reached at: 201-348-5503 or via email at [REDACTED]. Determination letter indicating that no responsive documents were identifeid for this request - 1/29/14.(Requester advised that he may want to consider submitting a request to Environmental Protection Agency or the Nuclear Regulatory Commission).</p>

Mitigation efforts in response to the unauthorized disclosure of government information to the WikiLeaks organization 'DAMAGE' or 'IMPACT' ASSESSMENTS FERC and ONCIX ASSESSMENT. On 28 November 2010, the Director of the Executive Office of Budget and Management, Jacob Lew sent a "Memo for the Heads of Executive Departments and Agencies regarding WikiLeaks - Mishandling of Classified Information". The memo stated that the "significant irresponsible disclosure by WikiLeaks has resulted in significant damage to our national security" and that "[a]ny failure by agencies to safeguard classified information pursuant to relevant laws, including but not limited to Executive Order 13526, Classified National Security Information (December 29, 2009), is unacceptable and will not be tolerated." The memo directed each department and agency of the federal government that handles classified information to establish "a security assessment team consisting of counterintelligence, security, and information assurance experts to review the agency's implementation of procedures for safeguarding classified information against improper disclosures." <a href="http://m.whitehouse.gov/sites/default/files/omb/memoranda/2011/m11-06.pdf">http://m.whitehouse.gov/sites/default/files/omb/memoranda/2011/m11-06.pdf</a></p> <p>Another memo followed on January 3, 2011. The memo contained memoranda from the Director of the Information Security Oversight Office (William J. Bosanko) and the National Counterintelligence Executive (Robert M. Bryant). The memo called for federal agency teams to complete their internal assessments questionnaire (attached) by January 28, 2011. The memo also directed ONCIX and ISOO in coordination with OMB to evaluate and assist federal agencies to comply with the assessment requirement. The memo directed ODNI, ONCIX, and ISOO to provide assistance to the federal agency's assessment teams (to include periodic on-site reviews of agency compliance where appropriate). An assessment questionnaire included inquiries such as 'Assess what your agency has done or plans to do to address any perceived vulnerabilities, weaknesses, or gaps on automated systems in the post-WikiLeaks environment,' and 'Do you capture evidence of pre-employment and/or post-employment activities or participation in on-line media data mining sites like WikiLeaks or Open Leaks?' <a href="http://m.whitehouse.gov/sites/default/files/omb/memoranda/2011/m11-08.pdf">http://m.whitehouse.gov/sites/default/files/omb/memoranda/2011/m11-08.pdf</a>. FY14-00037-000	Gorton, Ann	Bowen, Christopher	CME Group	1/23/2014	3/7/2014	2/20/2014	Closed			
	<p><i>Subject:</i> CONTACT INFO: Christopher.Bowen@cmegroup.com. New due date: 3/7/14. Extension letter- 2/18/14. REQUEST: Accepted: 1/23/14. CME requests that the Commission provide it with a copy of any and all documents containing information regarding any underlying cash markets and deliverable supply analysis for Nodal Exchange, LLC's ("Nodal Exchange") contracts in support of a filing as set forth below. In support of this request, CME states as follows: On September 30, 2013, Nodal Exchange filed its "CFTC Regulation 40.2(a) Certification: Notification of Products Offered for Trading on Nodal Exchange, LLC" with the Commodity Futures Trading Commission ("CFTC"). For your convenience, a copy of the publicly available version of Nodal Exchange's filing (without attachments) is attached to this FOIA request. As relevant to this FOIA request, on page 2 of its filing, Nodal Exchange stated that it was: ... separately submitting "Appendix C" [to the filing] to select DMO staff approved by FERC, which demonstrates compliance that the Exchange's contracts are not readily susceptible to manipulation. A description of the underlying cash markets and deliverable supply analysis for the Exchange's contracts is provided in "Appendix C."</p> <p>Information contained in "Appendix C" contains Critical Energy Infrastructure Information ("Ceil"), which may only be shared with individuals who have been approved by the PERC to receive such Ceil in accordance with the provisions of 18 C.P.R. § 388.113. CME is concurrently filing a separate Ceil request with the Commission to the extent that the information described as Ceil by Nodal Exchange in fact qualifies as Ceil, as that term is defined in 18 C.P.R. § 388.113©(1) (2013). To the extent that this information does not qualify as Ceil, CME hereby submits the instant POIA request for these documents. CME requests that the Commission provide it with a copy of any and all documents containing information regarding any underlying cash markets and deliverable supply analysis for Nodal Exchange's contracts. Please consider the term "documents" to include reports, studies, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, and summaries of conversations and interviews, computer records, e-mail and any other form of written communications including internal PERC memoranda. The time period to be searched for responsive documents is the three month period preceding Nodal Exchange's September 30, 2013 filing with the CPTC through the date that you process this request. The offices to be searched for documents responsive to this request include, but, are not limited to, the Commission's Office of Energy Market Regulation, Office of Energy Policy and Innovation, and Office of Enforcement.(Related to CEII-2014-64 ) Determination letter indicating that no responsive material was identified for this request -2/20/14.</p>

FY14-00038-000	Gorton, Ann	Rumelt, Ken	Lincoln Lande - Environmental & Natural Resources Law Clinic	1/23/2014	2/21/2014	2/20/2014	Closed			

*Subject:* CONTACT INFO: KRUMELT@vermontlaw.edu. REQUEST: Pursuant to the Freedom of Information Act ("FOIA"), 5. U.S.C. § 552, we are requesting records relating to FERC's role in granting, amending, or modifying Presidential Permits, and related correspondence with, the Portland Pipe Line Company ("PPLC") for it to lease its 18- inch or 24-inch pipeline to Granite State Gas Transmission, Inc. ("Granite State"), and records of more recent FERC involvement with this pipeline. Between 1987 and 1999, Granite State leased the 18-inch pipeline to transmit natural gas. The pipeline we are seeking records for is known interchangeably as the PPLC pipeline and the Portland Maine Pipe Line ("PMPL"). It currently transports crude oil northbound from South Portland, Maine to Montreal East, crossing the United States-Canadian border around North Troy, Vermont. It consists of three pipelines in the existing right-of-way, a 12-inch, an 18-inch, and a 24-inch pipeline. It is our knowledge and belief that this 12-inch pipeline is no longer active. This FOIA request is made by Vermont Law School's Environmental and Natural Resources Law Clinic ("ENRLC"). Vermont Law School's ENRLC provides pro bono representation for a variety of individuals and organizations to ensure enforcement, implementation, and interpretation of public health and environmental laws for prevention and abatement of environmental problems, as well as conservation and restoration of natural resources for the benefit of present and future generations. For the purposes of this request, "records" means any information of any kind. This includes, but is not limited to, writings (handwritten, typed, electronic, or otherwise produced, reproduced, or stored), letters, inspection reports, memoranda, correspondence, notes, field notes, telephone conversations, telephone logs, telefaxes, e-mails, chats, documents of any kind, data bases, drawings, graphs, charts, photographs, videos, meeting notes or minutes, electronic and magnetic recordings of meetings, maps, reports, papers, messages, voice mails, CDs, and any other compilations of data from which information can be obtained. All of the foregoing records, if in the possession of, or otherwise under the control of the FERC, are included in this request. If such recordings are no longer under the control of the FERC, but were at any time, "records" shall also include, but not be limited to, any information regarding the current location of such records. For the purposes of this request, "pertaining to" means having reference or relation to any information of any kind, to belong or to be connected as part, adjunct, possession, or attributable to any information of any kind. For the purposes of this request, "relating to," means to tell, to give an account of, to establish an association, connection, or relation, to reference to any information of any kind, to have some relation to any information of any kind. All records relating to the Portland Pipe Line Company's ("PPLC") pipelines including, but not limited to: 1. Any records pertaining to Presidential Proclamation No. 2517, 6 Fed. Reg. 5081 (Oct. 7, 1941) for PPLC's 12-inch pipeline; 2. Any records pertaining to the Defense Necessity Certificate issued by the Secretary of the Navy on 2 July 1941 for PMPL's 12-inch pipeline; 3. Any records pertaining to the Presidential Permit issued on 13 January 1965 for PPLC's 24- inch pipeline; 4. Any records pertaining to the Presidential Permit issued to Granite State Gas Transmission, Inc., by the FERC on 10 August 1987. See 40 FERC 61,177 (1987). This includes but is not limited to the Presidential Permit itself, pre-application meetings, correspondence, plans, and decision documents; 5. Any records pertaining to Granite State's FERC request for pre-granted abandonment in contemplation of the return of the pipeline to PPLC for use in crude oil service. See 40 FERC 61,165 (1987). This includes, but is not limited to, a) any decision documents, b) the request itself, c) correspondence with Granite State or PPLC, d) reports developed by consulting specialists, and e) notes from meetings; 6. Any records pertaining to the 29 July 1999 Presidential Permit issued by the Department of State for the 18-inch pipeline. This includes, a) the draft and final Environmental Assessments, b) any documents used to develop the Environmental Assessments, and d) the June 1999 supplemental application to the 24 March 1999 PPLC Presidential Permit application for the 18-inch pipeline as referenced in Article 2 of PPLC's Presidential Permit issued on 29 July 1999 by the DOS. For your convenience and to provide context, attached is the July 1999 Presidential Permit; See FOIA request for additional information. FY14-00039-000	Gorton, Ann	English, Forrest	Rogue Riverkeeper	1/24/2014	3/10/2014	3/10/2014	Closed			
	<i>Subject:</i> CONTACT INFO: forrest@rogueiverkeeper.org. Extension due date - 3/10/14. Original due date- 2/24/14. Clarification received: January 24, 2014. This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, as amended. I make this request on behalf of Rogue Riverkeeper, Klamath-Siskiyou Wildlands Center, Cascadia Wildlands, Sierra Club, Mr. Bob Barker, Oregon Coast Alliance and Landowners United (Requesters) for electronic files related to the Pacific Connector Liquefied Natural Gas (LNG) pipeline proposal. Pursuant to the Freedom of Information Act please send electronic files that contain the following data. 1. Geospatial data of the proposed Jordan Cove facility, Pacific Connector pipeline route and other features in ESRI shapefile, geodatabase or Keyhole Markup Language (.kml or .kmz) and specifying datum and projection if applicable. 2. Features included in this data should include but are not limited to, the pipeline route, route clearing zone, wetlands, extra work areas, storage areas, access roads, right of ways, power plant site and mitigation sites or any other footprints or features relating to Jordan Cove or the Pacific Connector pipeline. Any features that would help the public understand and analyze the footprint and land and water based impacts of the proposed pipeline and associated facilities. 3. We are specifically not requesting technical schematics of the power plant, terminal or internal functions of the pipeline or any pumping stations or associated infrastructure. 1/24/14 -Clarification: While the request is similar, I think you will find that we have clarified a little bit what information we are requesting. Additionally we have reason to believe that since the time of the previous request (July 2013), that FERC has requested much of the information we seek from the project proponent and that it should be available to the public. Please do continue to process this new request. *This request is similar to FOIA-2013-64. Extension granted - 2/21/14. <p><i>Subject:</i> CONTACT INFO: (Rolling) Requested: Accepted: January 31, 2014. Please consider this email a formal request, under the Freedom of Information Act, 5 U.S.C. § 552 et seq., for the following information: n A report on electric-grid vulnerabilities, which may have been prepared in May 2013, by Richard Waggel of FERC's Office of Energy Infrastructure Security. n A list of the largest electrical transmission substations in the U.S. n A list of security measures that utilities should consider implementing to make their systems better protected against physical attacks. I believe the list is dated May 13, 2013 and was prepared at the request of former Chairman Jon Wellinghoff. n Emails between Mr. Wellinghoff and others at the Commission concerning grid security and protections, beginning in January 2013 and continuing to the present day. n Any FERC reports or analyses on grid attacks, especially concerning the April 16, 2013 attack on PG&amp;E Corp's Metcalf substation in San Jose, California. This information is being sought for use in news stories appearing in The Wall Street Journal and for other means of public dissemination. I request that documents be provided for free, as in the public interest. If it is not possible to provide them for free, please let me know if the cost will exceed \$50. I would be happy to work with you to streamline this request or fine tune it so that it means less labor on your end. I would be pleased to receive the information in electronic form, or have it emailed to me. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information. I will expect a response within 10 days. Thanks so much for your time and attention. First Partial response letter denying release of material pursuant to exemption 5 - 3/4/14. Second partial response letter denying release of material pursuant to exemption 7F -4/8/14. Third partial response letter denying release of material pursuant to exemptions 5 &amp; 7F - 7/2/14. Fourth and final response letter denying release of material pursuant to exemptions 5 &amp; 7(F)- 9/10/14.</p>

<p><i>Subject:</i> Received via email: Tue, Feb 4, 2014 at 3:30 AM. ACCEPTED: 2/4/14. Extension due date- 3/19/14. Original due date -3/5/14. REQUEST - This is a request under the Freedom of Information Act. I hereby request the following records: Make and model of the computer tower used to process this request. Make and model of the computer monitor used to process this request. Operating system of the computer used to process this request. Screenshot of this request in the email client. Processing notes generated by this request. I also request that, if appropriate, fees be waived as I believe this request is in the public interest, as this is part of a study I'm doing on FOIA department equipment. The model and operating system of the computer used to process this request is indicative of the funding levels to FOIA departments as well as the state of information technology available for FOIA officers. This request will be made available to the public free of charge at <a href="http://usiga.vlexofree.com/foia.phtml">http://usiga.vlexofree.com/foia.phtml</a>, processed by a representative of the news media and not for commercial usage. Furthermore, it is not in my commercial interest making this FOIA request. No revenues are made from that section of my website. In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. Request withdrawn via email -3/6/14</p>

<p><i>Subject:</i> CONTACT INFO: sj@loraxlaw.org. Accepte4d: 2/7/14. Extension due date- 3/24/14. Original due date-3/10/14. MAILING ADDRESS: 4107 NE Couch Street, Portland, OR. 97232. I am making this request on behalf of my clients, Klamath-Siskiyou Wildlands Center, Rogue Riverkeeper, Landowners United, Oregon Coast Alliance, Cascadia Wildlands, and Mr. Bob Barker ("Requesters"). 1. An unredacted copy of the "updated stakeholder list" referenced in Williams Pacific Connector Gas Operator, LLC's ("Pacific Connector") filing with the Federal Energy Regulatory Commission ("FERC") for Docket No. CP13-492 dated January 17, 2014.[1] 2. Unredacted copies of all previous versions of stakeholder/landowner lists dating to the original submitted to FERC for Docket No. CP13-492 as referenced in Pacific Connector's letter dated January 17, 2014. NOTE: excluded from this request is the "updated stakeholder list" referenced in Pacific Connector's filing with FERC dated September 30, 2013[2] which is the subject of a separate FOIA request (FERC tracking number FOIA-2014-0017). 3. Unredacted copies of all communications between the FERC and Pacific Connector, regarding Requesters' November 12, 2013 FOIA request (FERC tracking number FOIA-2014-0017). 4. Unredacted copies of all requests to receive notice of siting, permitting, or planning actions regarding the proposed Jordan Cove/Pacific Connector project (for Docket No. CP13-492) that is the subject of Pacific Connector's correspondence described in request categories 1 and 2 above. See, e.g., 40 C.F.R. § 1506.6(b)(1) ("In all cases the agency shall mail notice to those who have requested it on an individual action."); 18 U.S.C. § 380.9 (incorporating and implementing NEPA's public participation regulations established by 40 C.F.R. § 1506.6). 5. Unredacted copies of all requests from stakeholders/landowners for confidential treatment of their names, addresses or other information regarding the proposed Jordan Cove/Pacific Connector project (for Docket No. CP13-492) that is the subject of Pacific Connector's correspondence described in request categories 1 and 2 above. 6. All documents providing or describing a legal basis or authority for FERC to communicate with Pacific Connector regarding Requesters' November 12, 2013 FOIA request. These requests are not meant to be exclusive of any other records that, although not specifically requested, have a reasonable relationship to the subject matter of this request. The requests should be construed to apply to any and all such records in whatever form, including correspondence, memoranda, notes, e-mail messages, letters, recordings, and electronic files whose release is not expressly prohibited by law. It also covers any non-identical duplicates of records, which by reason of notation, attachment, or other alteration or supplement, include any information not contained in the original record. I note that the information requested herein is being sought to support and illuminate the public's oversight of the permitting/siting application and environmental review process for the proposed Jordan Cove/Pacific Connector project (Docket No. CP13-492), including the extension of the right of eminent domain to the project applicant by FERC. Because this is a continuing and time-sensitive process, that includes many decision-points and participation deadlines, Time is Of the Essence regarding this request and we ask that you take all steps necessary to provide a prompt decision. 	<i>Subject:</i> Contact info: CHornerLaw@aol.com. Extension due date - 5/28/14. Original due date- 5/13/14. (Media) On behalf of the Energy & Environment Legal Institute (EELI) and the Free Market Environmental Law Clinic (FMELC) as co-requester and EELI counsel, please consider this request pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552 et seq. Please provide us, within twenty working days, 1 copies of all FERC FOIA initial determinations and determinations on administrative appeal, dated from September 1, 2013 to the date you process this request, inclusive. Responsive records will be dated over the approximately eight-month period from September 1, 2013 through the date you process this request. We seek only the cover letters setting forth FERC's position, not any productions associated therewith. Based on FERC's FOIA tracking numbers responsive records should number well under 100. All are public records, of the sort regularly published in full on <a href="https://foiaonline.regulations.gov/foia/action/public/home">https://foiaonline.regulations.gov/foia/action/public/home</a> by participating agencies, none are likely to have any properly exempt information This request is sufficiently clear and narrow such that no delays or claims of confusion in processing this request are likely to be reasonable. Background to the Request Illustrating Public Interest, Governmental Operations/Activities. Please be advised we intend to fully protect our appellate rights in this matter, which is of particularly timely public interest due to a demonstrated pattern of FERC behavior in responding to certain FOIA requests of acknowledging numerous responsive records exist but refusing to produce any information, whatsoever, from any identified responsive records. This pattern of withholding-in-full without effort at segregation or explanation has made litigation necessary (see e.g., EELI et al. v. FERC (D.D.C. 14-502 (ABJ)) (FERC request no. 14-01)) and STS Energy Partners LP v. FERC (D.D.C 14-591 (JDB) (requests 13-96, 14-08)). That these exemplars all relate to the pending nominee to Chair the Commission reflects one more factor making this request of particular and timely public interest. Determination letter releasing material, some documents were redacted pursuant to exemption 6 - 5/28/14.

<p><i>Subject:</i> CONTACT INFO: tslocum@citizen.org. Per the Freedom of Information Act, Public Citizen, Inc. requests: 1. All records of any pre-filing meeting(s) between executives, lobbyists, lawyers, consultants or other agents of Calpine and/or LS Power and any or all of the FERC Commissioners, either separately or in combination, between April 21, 2014 and June 4, 2014 regarding the proposed acquisition of 6 power plants by LS Power from Calpine. The records we request should comprise all notes taken by all FERC staff/Commissioners of the conversation(s), any transcript of the conversation(s), any documents submitted by the Exelon/Pepco representatives and/or by FERC staff and/or commissioners and any other documentation of the content of the meeting(s). 2. A list of all persons present at the meeting(s) (including all present or participating in person, by phone or by any other electronic media), including all FERC Commissioners, Commissioners' staff and all employees of the FERC and all non-government attendees, including names and titles. Public Citizen requests a waiver for processing and duplication fees associated with preparing this FOIA request. Public Citizen is a 43-year old non-profit consumer protection organization. Public Citizen does not seek the records at issue for a commercial purpose and disclosure is "in the public interest because it is likely to contribute significantly to public understanding of the operation and activities of the government" 5 USC § 552(a)(4)(iii). Public Citizen seeks to publish information received to promote public awareness of the benefits and/or harmful impact such an acquisition will have on consumers. If duplication costs are deemed too excessive for Public Citizen to qualify for the fee waiver, please notify me prior to billing. <p><i>Subject:</i> Accepted: 6/5/14. Expedited treatment response date- 6/15/14. Statutory due date: 7/3/14. Re: Docket CP11-161 FOIA Request. I am requesting an expedited Freedom of Information Act (FOIA) request regarding Docket CP11-161. The Tennessee Gas Pipeline Company's weekly status report October 21, 2013 to October 27, 2013 under CP11-161 reported an instance of non-compliance by Tennessee's Environmental Inspector. <a href="http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20131031-5163">Http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20131031-5163</a> On May 22, 2014, Tennessee Gas Pipeline Company filed Supplement/Additional Information under CP11-161 requesting a variance pertaining to impacts of installing MLV 324-2A on Loop 323 in a Federally protected wetland, L4 W040. The information contained in Tennessee's filing on May 22, 2014, included a modification to the Army Corps of Engineer permit CENAP-OR-R-2011-0032 that was issued March 22, 2013. TGP requests modifications for the "cross over " location of MLV 324-2A that would permanently impact wetland L4 W040. The drawing TGP issued for the permit November 06, 2013, as part of the request is deficient and incomplete, and lacks the FERC- approved location for MLV 324-2A with associated valves that are constructed outside the wetland boundaries. <a href="http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20140522-5146">Http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20140522-5146</a> Alignment sheets 20120808-5072 (27476900) under CP11-161 show the location of MLV 324-2A to the west of wetland W040. The FERC-approved location on the alignment sheets for Loop 323 MLV 324-2A is not shown on TGP's crossover detail drawing (TO-C324-E1-03-SK) issued on November 06, 2013 that was submitted with the variance request to the Commission on May 22, 2014. Therefore, I am requesting electronic copies of the FERC approved detailed drawings and/or detailed documentation for MLV 324-2A location that shows all approved crossovers related to Docket CP11-161 prior to the in-service date of November 1, 2013. Furthermore, I am requesting the attachment that was filed with the supplement information by Tennessee Gas Pipeline Company, June 4, 2014 under CP11-161. The PADEP permit E52-231 was amended in a letter dated May 29, 2014 for "construction of a main line valve impacting approximately 392 square feet of wetland L4 W040." The amendment does not address 2 noncompliant "crossover" valves and authorizes the construction of a main line valve when MLV 324-2A with associated valves exists outside the wetland boundaries for W040. <a href="http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20140604-5035">http://elibrary.FERC.gov/idmws/file_list.asp?accession_num=20140604-5035</a>. I am a citizen of Pike County, Pa and request a wavier of fees for the expedited FOIA. Determination letter indicating that no responsive material was identified for this request. <p><i>Subject:</i> Contact info: hnorthey@eenews.net. Accepted: June 13, 2014. Extension due date - 7/28/14. Original due date - 7/14/14. This is a request under the Freedom of Information Act (FOIA). I request all records concerning FOIA request logs maintained by the FERC from October, 2013 to June 6, 2014. The logs should detail the request's control number, the date it was received, who made the request, what company or organization they were from and the request's subject. If possible, I would prefer to receive the largest number of records or documents in electronic form. I am filing this FOIA request as a "representative of the news media" since I am a reporter for Greenwire — one of Environment &amp; Energy Publishing's five daily online publications. This designation entitles me to a waiver of fees accumulated during the actual search and review process. Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use. The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, www.eenews.net, which has more than 40,000 unique visitors a day. We expect the information that is produced through this and other FOIA requests to serve as the basis for several articles that explain the government's actions and operations to the public. For more information about Greenwire and Environment &amp; Energy Publishing, please refer to www.eenews.net. FOIA requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Such statements will be helpful in deciding whether to appeal an adverse determination. As required by FOIA, I look forward to hearing from your office within 20 days in response to this request. If you have any questions about the nature or scope of this request, please call me at 202-446-0468, or email me at hnorthey@eenews.net. Thank you for your consideration of this request. FY14-00104-000	Gibson, Ivy	Blumenthal, Barbara	Princeton Ridge Coalition	8/27/2014	10/9/2014	10/8/2014	Closed			
	<p><i>Subject:</i> CONTACT INFO: barbblumen@gmail.com. Extension due date-10/9/14. Original due date - 9/25/14. Request for Interagency Communications under Docket # CP13-551. The Princeton Ridge Coalition respectfully requests the release, under FOIA, of specific interagency communications pertinent to the Leidy Southeast Expansion Project under docket # CP13-551. Specifically, we request all communications between FERC and PHMSA related to the abovementioned application. These communications would have occurred between August 1, 2013 and August 25, 2014. We have reviewed all public communications on the docket and do not see any correspondence between FERC and PHMSA. If such correspondence is privileged on the docket, we would like to see it. We strongly suspect that there has been additional correspondence with PHMSA that has not been put on the docket and it will require additional efforts by FERC to FOIA such materials. We have consulted with the FOIA office at PHMSA and they advised that such correspondence should be made available to us. They advised that even materials that may be part of the deliberative process contain information or data that should be released. Title 18, Chapter 1, Subchapter W, Part 380.9(b) of the Code of Federal Regulations is explicit about FOIA exclusions not being applicable where such interagency memoranda transmit comments of Federal Agencies on the environmental impact of the proposed action. If applicable, the coalition will be willing to pay reasonable fees incurred in the fulfillment of this request, up to \$500. If the cost exceeds this amount, we would like to be notified to consider approval of a greater amount. As intervenors in the FERC proceedings, the Princeton Ridge Coalition is concerned that material information pertinent to public safety has been omitted from the record. Such omission is prejudicial to the public interest and in violation of CEQ Regulations for Implementing NEPA Section 1500.1 (b) – "NEPA procedures must insure that environmental information is available to public officials and citizens before decisions are made and before actions are taken". Referral letter to PHMSA regarding 6 documents -10/3/14. Determination letter denying release of material pursuant to exemptin 5 - 10/8/14.</p>

Please provide us, within twenty working days copies of the following records, dated over the two-month period October 1, 2013 to November 25, 2013. 1) Copies of all emails sent to or from former Chairman Jon Wellinghoff which anywhere, whether the To:, From:, cc:, bcc: or Subject fields, or their body, use any of the words or terms "Stoel" or "recuse" or "future employment"; 2) All emails sent to or from Jon Wellinghoff which contain both of the words "solar" and "interconnection", and 3) all emails sent from Jon Wellinghoff to Charles Beamon or from Charles Beamon to Jon Wellinghoff (any email having either party in the To:, From:, cc: or bcc: fields). Requesters emphasize that they request only emails, not other FERC documents, and no attachments. These search parameters are sufficiently narrow and precise such that no delays or claims of confusion in processing this request are likely to be reasonable. FY14-00106-000	Gibson, Ivy	Bailey, Kate (Referral)	Judicial Watch	8/28/2014	9/26/2014	9/25/2014	Closed			
	<p><i>Subject:</i> contact info: info@judicialwatch.org. (Referral from Commodity Futures Trading Commission ) Enclosed is one record that is responsive to a request under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, received on May 11,2012, from Lisette Garcia of Judicial Watch whose access to: all staffing records, directories, budget records, calendars and agendas of meetings, and communications involving the Financial Fraud Enforcement Task Force ("FFETF") and its members from November 17, 2009, through the date we received the request. Ms. Garcia is no longer with Judicial Watch; the new contact person at Judicial Watch is Kate Bailey. A copy of the request is enclosed. In connection with our collection and review of the responsive records, we determined that certain records contain information that originated with the Federal Energy Regulatory Commission. Accordingly, I am referring this information to your agency for review and disposition . The requester's contact information is provided below. Any records sent to or from the Federal Trade Commission, the Office of the Comptroller of the Currency, the Office of Energy Information Administration, and the Financial Crimes Enforcement Network were provided to those agencies for consultation and have been redacted accordingly. Some records sent in this referral contain portions that originated with the Department of Justice. That agency requested that their records be referred to them for review and direct response to the requester. Determination letter releasing redacted document. (Redactions were made pursuant to exemptions 7E and 6) -9/25/14.</p>
