UGI Sunbury, LLC
Docket No. RP16-1008-000

UGI Sunbury, LLC
460 North Gulph Road
King of Prussia, PA 19406

Attention: Frank H. Markle, Senior Counsel

Dear Mr. Markle:

1. On May 31, 2016, UGI Sunbury, LLC (Sunbury) filed revised *pro forma* tariff records reflecting changes to its rates and tariff provisions in compliance with the Commission's April 29, 2016 Order Issuing Certificate (April 29 Order).¹ Sunbury requests waiver of Ordering Paragraph (F) of the April 29 Order and an extension of time to submit its eTariff XML filing package. As discussed below, the Commission finds that the revised *pro forma* tariff records comply with the April 29 Order and, for good cause shown, the Commission grants the request for waiver and extension of time.
2. Sunbury requests waiver of ordering Paragraph (F) of the April 29 Order, which required it to file actual tariff records within 30 days of the order's issuance. Sunbury states that it just received its pipeline registration number and eTariff filing code from the Commission and thus is still implementing the software capability to electronically file its tariff in the required XML format. Sunbury accordingly requests an extension of time to submit its eTariff XML filing package until no earlier than 60 days, or no later than 30 days, prior to its anticipated in-service date, which it states is consistent with other Commission orders approving new interstate pipelines.²

¹ *UGI Sunbury, LLC*, 155 FERC ¶ 61,115 (2016).

² *Sierrita Gas Pipeline LLC*, 147 FERC ¶ 61,192 (2014) (Ordering Paragraph (K)) and *Transcontinental Gas Pipe Line Co., LLC* 155 FERC ¶ 62,108 (2016) (Ordering Paragraph (J)).

3. Public notice of the instant filing was issued on June 6, 2016. Interventions and protests were due as provided in section 154.210 of the Commission's regulations.³ Pursuant to Rule 214,⁴ all timely filed motions to intervene and any unopposed motion to intervene out-of-time filed before the issuance date of this order are granted. Granting late intervention at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties. No protests or adverse comments were filed.

4. The Commission finds that the revised *pro forma* tariff records reflecting changes to Sunbury's rates and tariff provisions comply with the April 29 Order. Specifically, in accordance with Paragraph 23 of the April 29, 2016 Order, Sunbury has recalculated its rates to reflect a capital structure of 50 percent debt and 50 percent equity. Sunbury has also revised its tariff to reflect a new interruptible parking and lending service to facilitate customer management of transportation imbalances in accordance with Paragraph 30 of the April 29 Order. Finally, we find that Sunbury has correctly revised, clarified, updated, and removed certain tariff provisions as required by the April 29 Order.

5. For good cause shown, the Commission grants Sunbury's request for waiver of Ordering Paragraph (F) of the April 29 Order and for an extension of time to submit its eTariff XML filing package until no earlier than 60 days, or no later than 30 days, prior to its anticipated in-service date. This decision is consistent with other Commission orders approving new interstate pipelines.⁵

By direction of the Commission.

Kimberly D. Bose,
Secretary.
