

Federal Energy Regulatory Commission Technical Conference on Demand Response and Advanced Metering

**Dockets: AD06-2-000; ER06-406-000; ER02-2330-040
ER03-345-006; ER01-3001-014**

January 25, 2006

Agenda

9:00 to 9:15 am Welcome

9:15 to 10:30 am Demand Response Issues and Policy Implications

The panelists will provide insight into the following question:

- What are the key issues and challenges concerning the development of demand response resources in wholesale and retail markets?

Panelists:

- Charles Goldman, Lawrence Berkeley National Lab (LBNL)
- Rick Tempchin, Edison Electric Institute (EEI)
- Jay Morrison, National Rural Electric Cooperative Association (NRECA)
- John Kelly, American Public Power Association (APPA)
- Alison Silverstein, Independent Consultant
- Tom Kerr, Environmental Protection Agency (EPA)

10:30 to 10:45 am Break

10:45 to 12:00 noon Advanced Metering

The panelists will provide insight into the following issues and questions:

- Definition of advanced metering.
- What metering infrastructure and/or functions are needed to support the further development of demand response and time-based rates?
- What are the challenges and barriers to greater saturation of advanced metering?

Panelists:

- Chris King, eMeter
- Sharon Allan, Elster Electricity
- Doug Stinner, PPL Electric Utilities
- Paul DeMartini, Southern California Edison
- Patti Harper-Slaboszewicz, UtiliPoint International, Inc.

12:00 to 12:45 pm Lunch

12:45 to 2:00 pm Demand Response Programs and Resources

The panelists will provide insight into the following questions:

- What has been the experience with implementing demand response and time-based rate programs?
- Are customers interested in participating in these programs, and if not, why not?
- What have been the challenges and barriers to the implementation of demand response and time-based rates?

Panelists:

- Peter Scarpelli, RETX, representing the International Energy Agency Demand Response Resources Project (DRRP)
- Alan Wilcox, Sacramento Municipal Utility District
- David Meade, Praxair, Inc.; Chairman, Electricity Consumers Resource Council (ELCON) Technical Committee
- James Brew, Steel Manufacturers Association
- Joseph Franz, Constellation New Energy
- Phil Giudice, EnerNOC

Regional Perspective Panels

The panelists will provide insight into the following questions:

- What is the status of demand response programs and time-based rates in your region?
- What have been the successes, challenges and barriers associated with demand response and time-based rates in your region?
- What is the role of demand resources in regional planning and transmission expansion planning in your region? What steps have been taken to incorporate demand resources into these plans?

2:00 to 3:30 pm

Panel I

- Ronald McNamara, Midwest Independent System Operator (MISO)
- Hon. Jeff Davis, Chairman, Missouri Public Service Commission
- Kevin Lawless, Xcel Energy
- Hon. Barry T. Smitherman, Commissioner, Public Utility Commission of Texas
- Ken Corum, Northwestern Power and Conservation Council (NPCC)
- Susie Sides, San Diego Gas & Electric
- Bruce Kaneshiro, California Public Utilities Commission

3:30 to 3:45 pm

Break

3:45 to 5:15 pm

Panel II

- Henry Yoshimura, ISO-New England
- Hon. Anne C. George, Commissioner, Connecticut Department of Public Utility Control; Vice President, New England Conference of Public Utility Commissioners (NECPUC)
- Tim Roughan, National Grid USA
- David Lawrence, New York Independent System Operator (NYISO)
- Richard Miller, Consolidated Edison
- Jeff Bladen, PJM Interconnection (PJM)
- Hon. Richard E. Morgan, Commissioner, District of Columbia Public Service Commission; on behalf of the Mid-Atlantic Distributed Resource Initiative (MADRI)
