Attention: Janice K. Devers, General Manager
Tariffs and Commercial Development

Reference: Tariff Revisions

Dear Ms. Devers:

1. On November 20, 2008, Texas Eastern Transmission, LP (Texas Eastern) filed tariff sheets¹ to reflect enhancements to the LINK® System and the discontinuance of the Executable Contract Summary. Specifically, Texas Eastern proposes to delete all references to the Executable Contract Summary, and to provide that the service agreement, executed either in writing or electronically via the LINK® System by the shipper and Texas Eastern, the exhibits executed by the shipper and Texas Eastern, the applicable rate schedule, the general terms and conditions of the Texas Eastern Tariff and any applicable negotiated rate or discount confirmation will comprise the entire agreement between the shipper and Texas Eastern. The tariff sheets are accepted, effective January 1, 2009, as proposed.

2. Public notice of Texas Eastern's filing was issued on November 24, 2008. Interventions and protests were due as provided in section 154.210 of the Commission's regulations (18 C.F.R. § 154.210 (2008)). Pursuant to Rule 214 (18 C.F.R. § 385.214 (2008)), all timely filed motions to intervene and any motions to intervene out-of-time before the issuance date of this order are granted. On December 2, 2008, Atmos Energy Corporation (Atmos) filed comments. On December 10, 2008, Texas Eastern filed an answer to Atmos' pleading. Under Rule 213(a)(2) of the Commission's Rules of Practice

¹ See Appendix.

and Procedure, 18 C.F.R. § 385.213(a)(2) (2008), answers to protests are not accepted unless otherwise ordered by the Commission. We will reject Texas Eastern's answer because it does not assist the Commission in making its decision.

3. Atmos asserts that this filing is related to another filing² in which Atmos filed comments and requested a technical conference. Atmos states that, while it is not submitting formal comments to this filing, it believes that the subject matter of this filing should be included for discussion in any technical conference ordered by the Commission related to the proposed modifications to the LINK® System.

4. Texas Eastern's revised tariff sheets are accepted as filed. The Commission finds that Atmos has raised no specific issues regarding the instant filing and, therefore, its request to direct that this filing be addressed in another docket is denied.

By direction of the Commission.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
