

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Columbia Gas Transmission Corporation

Docket No. CP05-19-000

NOTICE OF SITE VISIT AND MEETING ATTENDANCE

(January 18, 2005)

On Thursday, January 27, 2005, the Federal Energy Regulatory Commission (FERC) staff will conduct a limited site visit of the proposed and alternative routes for Columbia Gas Transmission Corporation's (Columbia) Line A-5 Replacement Project (project).

We will meet at 8:30 AM at:

Columbia's Tuxedo Metering and Regulation Station located on
County Road 84
Tuxedo, New York

This location is at milepost 0.0 of the proposed project. For additional information and directions, call Rick Hall or Andy Lake (Columbia) at 1-800-572-7515.

Further, FERC staff will attend Columbia's informational open house on January 27, 2005, from 7 to 9 PM. The open house will be at the:

Duck Cedar Inn
549 Route 17
Tuxedo, NY

Information about Columbia's open house can be obtained from Mr. Hall or Mr. Lake at the provided telephone number. Also, please contact Columbia for an update on the status of these events in the event of very icy or snowy conditions since the open house and/or site visit may be postponed.

Magalie R. Salas
Secretary
