NOTICE OF TECHNICAL CONFERENCE

(May 13, 2005)

Take notice that the Federal Energy Regulatory Commission in conjunction with California state agencies, will host a technical conference on Thursday, June 2, 2005, to discuss energy infrastructure and investment in California. The conference will be held in San Francisco, California. The conference is scheduled to begin at 9:00 a.m.(PST) and end at approximately 3:00 p.m. A separate notice will be issued by the Commission to announce the exact location and final agenda. FERC Commissioners will attend and participate.

The purpose of the conference is for the Commission and state officials to discuss with industry representatives the current and future state of infrastructure development and investment in California. We look forward to an informative discussion of the issues to clarify how we can facilitate and enhance a comprehensive collaborative approach to energy infrastructure development and reliability for California.

The Commission is now soliciting nominations for speakers at the technical conference.
