1 MR. BROWN:

2 I'm Charlie Brown from the Federal  
3 Energy Regulatory Commission. I'm the  
4 environmental project manager for the  
5 Carthage-Perryville project. The whole purpose  
6 of tonight's meeting was to come here and get  
7 oral comments from you for the environmental  
8 assessment that we're going to do for this  
9 project.

10 For the second night in a row, no one  
11 has chosen to speak. So what I will do -- does  
12 anybody here want to give comments, oral  
13 comments?

14 Because what I'll do -- and we did  
15 this last night, and it worked really well. We  
16 opened the meeting officially, and we closed it.  
17 Now, I have to do that so this can go on a  
18 docket back at work to officially show that we  
19 did try to have a scoping meeting, and no one  
20 wanted to provide comments.

21 So I'll open and close it, and then  
22 what I'll do is we'll open it up for questions  
23 from you all. You can ask me any question you  
24 want, and you can ask the company here any  
25 questions. Does that sound all right to

1 everyone?

2 If no one asks any questions, this  
3 meeting's going to be over. I'd prefer you all  
4 if you have any questions, please ask them.  
5 Okay.

6 Let the record show that this meeting  
7 opened at 7:00, and we're going to close the  
8 meeting at 7:01. We're going to allow questions  
9 and answers of myself and the company.

10 (Time noted: 7:01 p.m.)
