(Collectively, PJM RTO Filers)

NOTICE OF CONFERENCE CALL

(May 9, 2008)

Purpose of Meeting: To discuss with Commission staff PJM RTO Filers' response to the Commission's April 4, 2008 data request regarding PJM's simultaneous transmission import study (SIL). In particular, Commission staff performed a load flow simulation with the data submitted by PJM on May 1 2008, but could not obtain similar seasonal load and SIL values as were shown in the table on page 7 of the filing. At the conference, staff would like to obtain information on and discuss the following:

1. The assumptions made in order to obtain the seasonal load values for PJM RTO as shown in the table on Page 7.
2. For SIL calculations, the specific transfer distribution factor (TDF) used in determining the seasonal SIL values listed in the table on Page 7.
3. The output of calculations for the First Contingency Incremental Transfer Capability (FCITC) for all four seasons in the MUST software format.
4. The values used for base transfer.
5. Discuss definitions of seasons i.e., Winter: December through February.
6. Discuss seasonal variation in SIL Study Results as shown in the table on Page 7.
7. Are the SIL values in table 1 on page 7 the result of summing the FCITC values and the base transfer values? If not, please explain what they are.

Extension of Time: Because of the pending conference call, PJM RTO Filers and PJM need not respond further to staff's April 4, 2008 data request (e.g., providing an SIL study for the Eastern PJM region) until the issuance of a future notice setting forth a timeline for compliance.

Date and time of Conference Call: Thursday May 15 at 2:00 p.m. (EDT) at the offices of the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426.

Participants: Participation on this call will be limited to interested parties who have requested and have been granted access to critical energy infrastructure information (CEII) in accordance with and 18 CFR 35.37(f) or 18 CFR 388.113(d). The CEII request form may be found at <http://www.ferc.gov/help/filing-guide/ceii-request/ceii-req-form.doc>. All CEII requests must be received no later than 5:00 p.m. (EDT) on May 14, 2008. Requesters will be required to sign a non-disclosure agreement prior to obtaining access to CEII. PJM RTO Filers and PJM will be granted access in accordance with 18 C.F.R. 388.113(d)(1) without having to file a formal CEII request or non-disclosure agreement.

FERC Contact: For additional information regarding the conference call, please contact Joseph Cholka at Joseph.Cholka@ferc.gov or (202)-502-8876 by Tuesday May 13, 2008 for further information on participating on the call. A call-in number will be provided under a separate notice.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
