(October 23, 2009)

In Order No. 714,<sup>1</sup> the Commission adopted regulations requiring that tariff and tariff related filings must be made electronically. One of the required data elements to make the electronic filing is a unique Company Identifier provided by the Commission. As of November 9, 2009, companies should be able to request a Company Identifier by using the Company Registration application located at the FERC Online web site: <http://www.ferc.gov/docs-filing/ferconline.asp>.

Take notice that on November 20, 2009, from 9 am to 12 noon (EST), a technical conference will be held to discuss the Company Registration and other issues. This conference will cover the data required to complete a request for a Company Identifier, a review of the FERC Online Company Registration application, Commission docketing under eTariff, the eLibrary rendition of eTariff metadata, the type of filing code to be used to establish official filing type. In addition, time permitting, participants will be free to ask questions about other issues related to electronic tariff filings.

The technical conference is open to the public. The conference will be held at the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. In addition, the conference will be accessible via telephone. Staff anticipates posting any documents that may be referenced during the conference on the eTariff website so that they will be accessible to those using the telephone.
