Northern Illinois Hydropower, LLC

Project No. 12626-002

Project No. 12717-002

NOTICE OF TELECONFERENCE

(May 24, 2010)

- a. Date and Time of Meeting: Thursday, June 10, 2010 from 10:00 a.m. to 12:00 p.m. EDT.
- b. Place: By copy of this notice, we are inviting all interested parties to attend a teleconference from their locations.
- c. FERC Contact: Steve Hocking, (202) 502-8753 or steve.hocking@ferc.gov
- d. Purpose of Meeting: Commission staff will be meeting with Northern Illinois Hydropower, LLC to discuss the study results of the fluvial-geomorphologic assessments at the Dresden Island (P-12626-002) and Brandon Road (P-12717-002) Projects. Discussion topics will include the following: (1) whether the proposed tailrace excavation was included in the CCHE2D model; (2) how sediment size of the bed material associated with the project was determined; and (3) how the effects of project operation on sediment stability were assessed.
- e. All local, state, and federal agencies, tribes, and interested parties are hereby invited to listen in on the teleconference. The phone number and passcode to the teleconference will be provided upon a request made by interested parties. Please make that request to Steve Hocking via email at steve.hocking@ferc.gov by the close of business on **Monday, June 7, 2010**.

Kimberly D. Bose,
Secretary.
