Attention: Mark A. Litwin  
Vice President, General Manager

Dear Mr. Litwin:

1. On July 31, 2013, Paiute Pipeline Company (Paiute) filed tariff records<sup>1</sup> to reflect 31 non-conforming Rate Schedule FT-1 transportation service agreements (TSAs) for inclusion in its FERC Gas Tariff. Paiute requests waiver of the Commission's regulations to permit the tariff records to become effective July 31, 2013. We grant waiver of the Commission's 30-day notice requirement and accept the tariff records listed in the Appendix, effective July 31, 2013, subject to further review and order of the Commission.

2. Paiute states that, following the Commission's order in *Southern Star*,<sup>2</sup> it initiated a review of its currently effective, Part 284 firm TSAs, to ensure compliance with Commission regulations and policy. As a result of that review, Paiute states that it identified 31 Rate Schedule FT-1 TSAs that differ from the *pro forma* service agreement in its currently effective tariff. Paiute states that while the non-conforming provisions may deviate from the applicable *pro forma* service agreement in Paiute's tariff, the

provisions should be accepted as permissible deviations, as they do not present a risk of undue discrimination.

3. Paiute requests that the Commission determine that either (1) the potentially non-conforming provisions do not in fact materially deviate from Paiute's FERC Gas Tariff, or alternatively, (2) the provisions, though non-conforming, are acceptable deviations that do not create the potential for undue discrimination.

4. Public notice of the filing was issued on August 1, 2013. Interventions and protests were due as provided in section 154.210 of the Commission's regulations (18 C.F.R. § 154.210 (2013)). Pursuant to Rule 214 (18 C.F.R. § 385.214 (2013)), all timely filed motions to intervene and any motions to intervene out-of-time filed before the issuance date of this order are granted. Granting late interventions at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties. No protests or adverse comments were filed.

5. Paiute has presented the Commission with 31 non-conforming service agreements for review. These agreements contain various deviations from the applicable *pro forma* service agreement in Paiute's tariff. The Commission has not completed its review of the 31 non-conforming service agreements, which have already been in effect for a significant period of time. Accordingly, the Commission will accept the service agreements in the Appendix to this letter, effective July 31, 2013, subject to further review and order of the Commission.

By direction of the Commission.

Nathaniel J. Davis, Sr.,  
Deputy Secretary.
