Dear Ms. Morr:

1. On December 11, 2012, you filed on behalf of MoGas Pipeline LLC (MoGas) a request for clarification of the Commission's November 29, 2012 order.<sup>1</sup> Specifically, MoGas seeks clarification regarding the Commission's compliance directive to include the North American Energy Standards Board (NAESB) Wholesale Gas Quadrant (WGQ) Version 2.0 Standard 1.2.3 in its tariff.<sup>2</sup> In addition, MoGas seeks clarification on whether certain compliance directives set forth in Appendix A of the November 29 Order apply to MoGas. As discussed below, the Commission grants MoGas' request for clarification and clarifies that MoGas has sufficiently complied with the requirements of Order No. 587-V and the November 29 Order.

2. On October 1, 2012, MoGas filed revised tariff records to comply with Order No. 587-V.<sup>3</sup> Among other things, the November 29, 2012 Order granted MoGas' request for waiver and extensions of time to comply with certain NAESB WGQ Standards, and the order also directed MoGas to include NAESB WGQ Version 2.0 Standard 1.2.3 in its tariff.

3. In its request for clarification, MoGas indicates that Section 7.25 of its FERC NGA Gas Tariff, Baseline Tariff, already incorporates by reference NAESB WGQ Version 2.0 Standard 1.2.3.<sup>4</sup> MoGas seeks clarification that its tariff is already in compliance with the directives set forth in the November 29 Order. Further, MoGas seeks clarification that the compliance obligations listed in Appendix A requiring the inclusion of NAESB WGQ Standard 0.3.11 through 0.3.15, 1.2.3, 1.2.8 through 1.2.19, 1.3.90, 2.2.4., 2.2.5, and 10.2.1 through 10.2.38 are compliance obligations for National Grid LNG, L.P. and not MoGas.

4. Based upon our review of MoGas' tariff and the information presented in its request for clarification, we grant MoGas' request for clarification and find that it has sufficiently complied with the requirements of Order No. 587-V and the November 29 Order.

By direction of the Commission.

Kimberly D. Bose,  
Secretary.
