Re: Notice to Proceed with Construction of the Franklin and Dorrance Loops

Dear Mr. Powell:

I grant your July 20, 2015 request for Transcontinental Gas Pipe Line Company, LLC's (Transco) to begin construction of the Franklin and Dorrance Loops in Monroe and Luzerne Counties, Pennsylvania. These facilities are associated with the Leidy Southeast Expansion Project in the above-referenced docket. Transco has obtained the necessary clearances from the U.S. Army Corps of Engineers, Pennsylvania Department of Environmental Protection, Pennsylvania Historic Preservation Office, as well as the U.S. Fish and Wildlife Service.

In considering your request, we have reviewed Transco's Implementation Plan filed on January 9, 2015 and supplemented on January 27, 2015. Based on our review, Transco has provided the information necessary to meet the project pre-construction conditions in the Commission's December 18, 2014 *Order Issuing Certificate* (Order). In addition, we have confirmed the receipt of all federal authorizations relevant to the approved activities herein. I remind you that Transco must comply with all applicable remaining terms and conditions of the Order. If you have any questions, please call Jessica Harris at (202) 502-6805.

Sincerely,

Jessica M. Harris
Environmental Project Manager
