National Fuel Gas Supply
Corporation
Docket No. CP14-70-000
§ 375.308(x)

July 24, 2015

Mr. David W. Reitz
Deputy General Counsel
National Fuel Gas Supply Corporation
6363 Main Street
Williamsville, NY 14221-5887

Re: Variance Request Approval

Dear Mr. Reitz:

In accordance with the Federal Energy Regulatory Commission's (Commission) March 2, 2015 *Order Issuing Certificate and Authorizing Abandonment* (Order), I grant the National Fuel Gas Supply Corporation's (National Fuel) June 22, 2015 request for two areas for additional temporary workspace for use as contractor yards (Modification 80). I also approve the authorization of a permanent access road (Modification 79) at the Mercer Compressor Station.

This authorization is based on my review of National Fuel's request including the Implementation Plan filed on March 4, 2015, its compliance with the environmental conditions contained in the Commission's Order, and our confirmation of your receipt of the necessary federal authorizations relevant to the approved activities.

I remind you that National Fuel must comply with all applicable terms and conditions of the above referenced Order. If you have any questions regarding this approval, please contact me at 202-502-6739.

Sincerely,

Kelley Muñoz
Environmental Project Manager
Gas Branch 3
