Dominion Carolina Gas Transmission, LLC

Docket No. CP14-97-000

ORDER VACATING CERTIFICATE AUTHORIZATION IN PART

(Issued March 24, 2016)

1. On February 19, 2015, the Commission, among other things, authorized Dominion Carolina Gas Transmission, LLC (Dominion Carolina)¹ under section 7(c) of the Natural Gas Act² to construct and operate approximately 1,300 feet of 8-inch-diameter pipeline and appurtenant facilities (Cone Mills Lateral Extension), connecting the Bowater Junction Lateral Town Border Station (Bowater Station) to the proposed Edgemoor Compressor Station.³ In addition, the Commission authorized Dominion Carolina to modify the Bowater Station to accommodate the Cone Mills Lateral Extension and to rearrange facilities associated with the Cone Mills Lateral Extension. The proposed facilities were to be located in Chester County, South Carolina.

2. On February 10, 2016, Dominion Carolina filed a motion to vacate, in part, the 2015 Order, stating that it does not plan to construct and operate the Cone Mills Lateral Extension because the pipeline extension is no longer necessary to serve its firm transportation customers. Therefore, Dominion Carolina requests that the Commission vacate the certificate authority to construct and operate the Cone Mills Lateral Extension,

¹ On April 1, 2015, Carolina Gas Transmission Corporation changed its name to Dominion Carolina Gas Transmission, LLC.

² 15 U.S.C. § 717f(c) (2012).

modify the Bowater Station, and rearrange facilities associated with the Cone Mills Lateral Extension.

3. In view of the above considerations, the Commission will vacate Dominion Carolina's certificate authorization to construct and operate the Cone Mills Lateral Extension and associated facilities.

The Commission orders:

The certificate authorization issued to Dominion Carolina in the 2015 Order in Docket No. CP14-97-000 is vacated, in part, as discussed above.
