Attention: Mark D. Patrizio, Esq.

Dear Mr. Patrizio:

1. On September 23, 2016, as amended on October 21, 2016,¹ Pacific Gas and Electric Company (PG&E) filed, in the above-referenced proceedings, a Settlement between PG&E and the San Francisco Bay Area Rapid Transit District (BART). On October 13, 2016, Commission Trial Staff filed comments in support of the Settlement. No other comments were filed. On October 26, 2016, the Settlement Judge certified the Settlement to the Commission as an uncontested settlement.²

2. The Settlement concerns PG&E's obligations under a Network Integration Transmission Service Agreement with BART.

¹ The October 21, 2016 filing amended the Settlement to include the standard of review that was omitted from the previous Offer. At the request of the Parties, on October 25, 2016, the Chief Administrative Law Judge waived the comment period on the October 21, 2016 amendment to the Settlement.

² *San Francisco Bay Area Rapid Transit District v. Pacific Gas and Electric Co.*, 157 FERC ¶ 63,015 (2016).

3. Section V.4 of the Settlement states that:

[t]he applicable standard of review for the Settlement is the just and reasonable standard.

4. The Settlement resolves all issues in dispute in these proceedings. The Settlement appears to be fair and reasonable and in the public interest, and is hereby approved. The Commission's approval of the Settlement does not constitute approval of, or precedent regarding, any principle or issue in these proceedings.

5. This order terminates Docket Nos. EL15-30-000 and ER15-2418-000.

By direction of the Commission.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
