NOTICE OF TECHNICAL CONFERENCE

(November 7, 2003)

In an Order issued on March 13, 2003,¹ the Commission directed Staff to convene a technical conference to evaluate the market implications of Entergy Services, Inc.'s (Entergy) proposed Generator Operator Limits (GOL) filings. On September 30, 2003,² the Commission also directed Staff to convene a technical conference to explore the interrelationships between Entergy's Weekly Procurement Process Proposal (WPP), its Available Flowgate Capacity Proposal (AFC) and its GOL process. As directed by those orders, the Commission Staff will convene a technical conference to discuss issues raised in the GOL, WPP, and AFC proceedings, as well as how they may be affected by the establishment of the SeTrans RTO.

The conference to address these issues has been scheduled for December 8 – 9, 2003 at 10 a.m. in a room to be designated at the offices of the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426.

¹ Entergy Services, Inc., 102 FERC ¶ 61,281 (2003).

² Entergy Services, Inc., 104 FERC ¶ 61,336 (2003).

All parties to this proceeding may attend.
