Readiness Review “Audit the Audit” Conference 9/29/04

- **NERC, FERC, a group of the Audited, and interested stakeholders will participate in a technical conference today in Washington to review the Readiness Reviews**
- **The purpose of this conference is to:**
 - Summarize the results of the audits
 - Hear from the audited – what are their suggestions/observations?
 - Review in general the good and the bad found on the audits
 - Review the IT tools being used as best practices and identify minimum practices
 - Review a matrix cataloguing the critical duties performed (and perhaps not performed) by the audited
 - Review the audit process – what worked, what didn't, and what can be done to improve
