

FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON, D.C. 20426
September 30, 2005

OFFICE OF ENERGY PROJECTS

To the Parties on the Service List for the attached Projects:

Re: Hydro Licensing Status Workshop 2005, Docket No. AD05-015-000

You are invited to attend and participate in a one-day, Commissioner-led public workshop that will be held on Thursday, December 1, 2005, beginning at 10:00 a.m. (EST), in the Commission Meeting Room at the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. The workshop will focus on the pending license applications, identified in Attachment 1, that have been on file with the Commission longer than three years.

The workshop will concentrate on identifying the unresolved issues associated with each project, and determining the best course of action to resolve or remove obstacles to final action on each pending license application.

We believe the best way to achieve the goals of the workshop is for you and your staff to attend the workshop in person and have an open and frank face-to-face dialogue. However, we understand that budgetary and other constraints may limit travel to Washington, D.C. Therefore, we have made alternative arrangements for you to listen, view, or participate in the workshop through the internet, video conferencing, or teleconferencing.

Anyone wishing to participate via teleconference should call or e-mail Kim Nguyen at 202-502-6105 or kim.nguyen@ferc.gov, by November 21, 2005, to receive the toll free telephone number to join the teleconference.

Anyone interested in participating in the workshop via video teleconference from one of the Commission's regional offices should call or e-mail the following staff, by November 21, 2005, to make arrangements. Seating capacity is limited.

Regional Office	Staff Contact	Telephone Number	E-mail Address
Atlanta	Charles Wagner	770-452-3765	charles.wagner@ferc.gov
Chicago	Michael Davis	312-596-4434	michael.davis@ferc.gov
New York	Chuck Goggins	212-273-5910	charles.goggins@ferc.gov
Portland	Pat Regan	503-552-2741	patrick.regan@ferc.gov
San Francisco	John Wiegel	415-369-3336	john.wiegel@ferc.gov

By November 21, 2005, an agenda for the workshop and information about the pending license applications will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information. Anyone without access to the Commission's web site, or who has questions should contact Kim Nguyen at 202-502-6105, or e-mail kim.nguyen@ferc.gov.

We look forward to hearing from you.
