

Order No. 890
Transmission Planning Regional Technical Conferences
October 1-2, 2007
Atlanta, GA

Hyatt Regency Atlanta
265 Peachtree Street NE
Atlanta, GA 30303
(404) 577-1234

Docket Nos. RM05-17-000 and RM05-25-000

Day 1 – Monday, October 1, 2007

8:30 – 8:45 a.m. **Welcome and Introductions**

In Order No. 890, the Federal Energy Regulatory Commission set forth nine principles to govern the addition of a transmission planning process to the open access transmission tariff of each transmission provider. In this introductory session, representatives of the Commission will welcome the participants; briefly discuss the reasons underlying the Commission’s decision to require a second round of transmission planning technical conferences in the July 27 Order; and give an overview of the day’s agenda.

Shelton Cannon; John Moot, FERC staff

Session I SERC-Wide Transmission Planning Efforts

8:45 – 9:30 a.m. Presentation on SERC-Wide Transmission Planning Efforts
