Hook Canyon Energy, LLC

Project No. 12707-001

NOTICE CANCELLING SITE VISIT AND TOUR

(April 3, 2008)

This notice cancels the site visit and tour for the proposed Hook Canyon Pump Storage Project scheduled for April 8, 2008, from 8:00 am to 12:00 noon (visiting the site where the proposed project would be built) and from 1:00 pm to about 5:00 pm (touring PacifiCorp's Lifton pump station and other PacifiCorp facilities). Both the site visit to the proposed project area and the tour of PacifiCorp's facilities are cancelled because the dirt and gravel roads needed to access some of these areas are still too wet and covered with snow for four-wheel vehicle use.

Please note that the scoping meetings for this project have NOT been cancelled and will continue as shown below:

Hook Canyon Pump Storage Project Scoping Meetings
