MR. KARTALIA: I'm Steve Kartalia, I'm with the Federal Energy Regulatory Commission. We were going to convene a meeting at 7 o'clock, which we did, and we've waited until 7:15, and it seems no one is coming except the people who were here earlier from the consultants, FERC, and the Applicant.

So I am going to say that we're going to adjourn the meeting at 7:16. Thanks.

(Whereupon, at 7:16 p.m., the meeting concluded.)
