Attention: J. Gordon Pennington, Attorney for Cadeville Gas Storage LLC

Reference: Letter Order on Tariff Amendment Filing

Ladies and Gentlemen:

1. On May 15, 2012, Cadeville Gas Storage LLC (Cadeville) submitted revised *pro forma* tariff records¹ in the above-referenced proceeding to amend limited aspects of the *pro forma* tariff approved by the Commission in the order issued on August 10, 2010 (2010 Certificate Order).² Cadeville states that modifications to its Original *Pro Forma* Volume No. 1 set forth in the 2010 Certificate Order have not been made at this time and that it will make those required changes no earlier than 60 days before it goes into service.³ As discussed below, the Commission approves Cadeville's proposed *pro forma* tariff changes.

2. Cadeville states it expects the facilities approved in the 2010 Certificate Order to be in service in early 2013 and it is proposing the *pro forma* tariff changes at this time in order to accommodate customer needs now being raised. Cadeville's proposed modifications to its Original *Pro Forma* Volume No. 1 in the instant filing include: (1) modification to the insurance provision to allow Cadeville to secure insurance for Customer-owned gas in storage for FSS Customers as part of the overall commercial

negotiation for service with the Customer; (2) modifications to the contract termination provisions that will provide reciprocal termination rights to Cadeville and to its Customers in certain enumerated situations; (3) deletion of language that entitled Cadeville to apply a warehouseman's lien on Customer-owned FSS gas; and, (4) clarification of the calculation of the Storage Reservation Charge so that it more clearly states the intended actual calculation of this charge. We find Cadeville's proposed modifications to be acceptable and consistent with Commission policy. Therefore, we accept Cadeville's proposed revisions to its *pro forma* tariff.

3. Public notice of Cadeville's Filing was issued on May 30, 2012. Interventions and protests were due as provided in section 154.210 of the Commission's regulations.⁴ Pursuant to Rule 214,⁵ all timely filed motions to intervene and any unopposed motions to intervene out-of-time filed before the issuance date of this order are granted.
