P R O C E E D I N G S

MR. SPENCER: Good morning.

I'm Michael Spencer, the FERC coordinator for the scoping meeting for the Millville Project, Project No. 2343. I'm beginning the meeting; do we have any stakeholders, agencies or outside entities present? I don't see anybody identifying themselves. So if no one has any comments or questions related to scoping the project I'm going to adjourn the meeting if there are no objections. Very well, the meeting is adjourned.

(Whereupon, at 6:16 p.m., the meeting was adjourned.)
