Dear Counsel:

1. On December 6, 2012, you filed a Stipulation and Offer of Settlement (Settlement), in the above-referenced proceedings, on behalf of Lively Grove Energy Partners, LLC; Prairie Power, Inc.; American Municipal Power, Inc.; Southern Illinois Power Cooperative; Illinois Municipal Electric Agency; Kentucky Municipal Power Agency; Missouri Joint Municipal Electric Utility Commission; Northern Illinois Municipal Power Agency; and Indiana Municipal Power Agency (collectively, Filing Parties). On December 19, 2012, Commission Trial Staff filed comments in support of the Settlement. No other comments were filed. On December 31, 2012, the Settlement Judge certified the Settlement to the Commission as an uncontested settlement.¹
2. The Settlement addresses the level of the revenue requirements proposed by the Filing Parties, for cost recovery purposes, associated with their respective shares of the reactive power production capability of the Prairie State Energy Campus.
3. The Settlement resolves all issues in dispute in these proceedings. The Settlement appears to be fair and reasonable and in the public interest, and is hereby approved. The Commission's approval of this Settlement does not constitute approval of, or precedent regarding, any principle or issue in these proceedings. The Commission retains the right to investigate the rates, terms and conditions under the just and reasonable and not unduly discriminatory or preferential standard of section 206 of the Federal Power Act, 16 U.S.C. § 824e (2006).
