Eighteenth Revised Sheet No. 570 : Pending
Superseding: Seventeenth Revised Sheet No. 570

RATE SCHEDULE X-64
(Continued)

adjusted to reflect the depreciation rate finally authorized for HIOS, and ANR shall make refunds to HIOS to equal the difference between the revenues collected and the revenues which would have been collected if the rates collected had reflected such finally allowed HIOS depreciation rate, plus interest as prescribed in Section 154.67 of the Commission's Regulations.

Without prejudice to the rights of HIOS to contest such charges, HIOS shall, from and after the date of initial deliveries, pay ANR monthly one-twelfth (1/12th) of the above charge, which shall be redetermined as of January 1, 1985, and as of January 1st of each year thereafter. The current effective monthly charge is \$153,100 as of July 1, 2007.*

In addition to the charges specified above in this Article IV, HIOS agreed to pay ANR an amount equal to the 100% load factor rate for each Mcf of gas processed for HIOS in the Facility during any day which is in excess of the HIOS capacity.

ARTICLE V
OCCUPANCY OF THE FACILITY BY HIOS

HIOS has, by separate agreement with UTOS, contracted for similar services to be performed at Cameron Meadows, Louisiana, with respect to the gas of Shippers being transported in the aforementioned pipeline of UTOS.

It is agreed that HIOS shall have the right without additional charge, to install and operate communications and data processing equipment on the site of the Facility, in locations selected and made available by ANR, for the coordination of the services performed by ANR for HIOS at the Facility with the above mentioned similar services to be performed by UTOS at Cameron Meadows.

*Revised pursuant to Article VI, Section 6.3 of the Stipulation and Agreement dated August 7, 2007 at Docket No. RP07-99-000.
