

B-3

SIGN:

Dam Ahead

COMMENT:

Unlighted warning buoy. Conforms to USWMS guidelines for color and symbols. Person in water can grasp base of buoy in case of emergency.

RECOMMENDATION:

None.

B-4

SIGN:

Danger Dam

COMMENT:

Pontoon style boat barriers set well upstream of dam. Cables exclude boats and may be used as emergency handhold for people in water. Pontoons are placed evenly across wide channel.

RECOMMENDATION:

None.
