

**SIGN:**

Danger Dam Ahead

**COMMENT:**

Uses USWMS symbol and text for warning. Sign is lighted for extra effectiveness.

**RECOMMENDATION:**

None.

DA-9

**SIGN:**

Take Out, Dam, Open Gate Danger Fast Current

**COMMENT:**

Good use of standardized waterway marking system shapes and colors. Good placement.

**RECOMMENDATION:**

Colors such as orange and red often need repainting before the rest of the sign. Maintain regularly and use non-fading type lettering/borders.
