

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Agency Operations in the Absence of a Quorum

Docket No. AD17-10-000

ERRATA NOTICE

(February 3, 2017)

On February 3, 2017, the Commission issued an “Order Delegating Further Authority to the Staff in Absence of Quorum” in the above-referenced proceeding. *Agency Operations in the Absence of a Quorum*, 158 FERC ¶ 61,135 (2017).

In paragraph 2 of that Order, the second sentence includes the additional word “days”. This errata notice hereby corrects that sentence to read as follows:

The authority delegated herein is effective until such time as the Commission again has a quorum and takes action to lift the delegation, and in no event will this delegation extend beyond 14 days following the date a quorum is reestablished (Delegation Period).

Footnote 8 of that Order includes an inaccurate citation to 41 U.S.C. § 7171(f). This errata notice corrects that citation to read 42 U.S.C. § 7171(f).

Footnote 13 of that Order includes an inaccurate citation to 18 C.F.R. § 375.302(a)(2)(vi). This errata notice corrects that citation to read 18 C.F.R. § 375.303(a)(2)(vi).

Lastly, footnote 13 of that Order was inadvertently placed at the end of paragraph 7. This errata notice hereby corrects the placement of footnote 13 to appear at the end of paragraph 5, to read as follows:

5. The Commission delegates the authority to extend the time of action on matters where such extension of time is permitted by statute. <sup>13</sup>

Kimberly D. Bose,  
Secretary.
