Docket No. RP05- -000

NOTICE OF PROPOSED CHANGES  
IN FERC GAS TARIFF

(February , 2005)

Take notice that on January 28, 2005, Paiute Pipeline Company (Paiute) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1-A, the revised tariff sheets listed on Appendix A of the filing, to become effective March 1, 2005.

The proposed changes would increase revenues from jurisdictional services by \$1,701,092 based on the 12-month period ending October 31, 2004, as adjusted.

Paiute proposes a general increase in its rates under all rate schedules contained in Second Revised Volume No. 1-A of its tariff. Paiute states that based upon the test period cost of service and the projected throughput quantities employed in its filing, Paiute projects an overall deficiency of approximately \$1,701,092 in annual revenues under its existing rates. Paiute is therefore proposing to modify its rates for its jurisdictional transportation and storage services in a manner that is sufficient to eliminate the revenue deficiency and recover the full cost of service reflected in its filing.

Paiute states that its proposed tariff sheets are submitted to revise its Statement of Rates tariff sheet and to conform its LNG storage services to the requirements of Part 284 of the Commission's regulations.

Paiute states that it has served copies of its filing on all affected customers and all interested state regulatory commissions.
