

**MoGas Pipeline, LLC**

List of Major Expansions and  
Abandonments Since Previous Rate Case

This marks MoGas' first general rate case, filed pursuant to Section 4 of the Natural Gas Act and Part 154 of the Commission's Rules and Regulations. Thus, this statement will discuss major changes to the system since the Commission issued MoGas its certificate of public convenience and necessity on April 20, 2007.

Expansions

On September 25, 2008, in Docket No. CP07-450, the Federal Energy Regulatory Commission provided MoGas with authorization to construct and operate new compression facilities on its system located at its interconnection with Panhandle Eastern Pipe Line Company ("Panhandle") in Pike County, Missouri. The facilities entered into service on March 1, 2009.

Abandonments

MoGas has not abandoned any of the services it provides.
