## LIST OF PREPARERS

### Federal Energy Regulatory Commission

**Friedman, Paul – Project Manager, Cultural Resources, Land Use, and Alternatives**

M.A. History, University of California at Santa Barbara, 1980

B.A., Anthropology and History, University of California at Santa Barbara, 1976

**Rana, Anthony – Deputy Project Manager, Geology, Soils**

M.S., International Development, Tulane University, 2012

Graduate Studies, Hydrogeology and Geochemistry, Oklahoma State University, 1988

B.S., Geology, New Jersey City University, 1984

**Judy, Harry – Environmental Engineer – Air Quality, Noise, and Reliability & Safety**

B.S., Mechanical Engineering, Pennsylvania State University, 2000

**Mardiney, Amanda – Water Resources, Wetlands, Fisheries, Vegetation, Wildlife, Special Status Species**

M.A., Environmental Resource Policy, George Washington University, 2012

B.S., Biology, University of Maryland, College Park, 2009

### Cardno, Inc.

**DiSanto, Lavinia – Project Manager, Project Description**

B.A., Biological Sciences, University of Delaware, 1999

**Mooneyhan, Douglas – Deputy Project Manager, Project Scope Task Lead, Alternatives, Cumulative Impacts**

M.S., Biology, Tennessee Technological University, Cookeville, 1989

B.S., Wildlife & Fisheries Science, University of Tennessee, Knoxville, 1987

**Brena, Jeanette – Air and Noise**

M.S., Environmental Engineering, Washington State University, 1997

B.S., Civil Engineering, Seattle University, 1996

**Brewer, John – Wildlife, Threatened and Endangered Species**

M.S., Marine Biology, University of Alaska, Fairbanks, 2007

B.S., Wildlife Ecology and Conservation, Animal Science, University of Florida, 1997

**Briggs, Stephanie – Wetlands**

B.S., Biological Sciences, Marine Biology, University of Maryland, 1998

**Craig, Donald – Cultural Resources**

M.S., Archeology, University of Southern Mississippi, 2011

PBAC, Anthropology, University of Southern Mississippi, 2004

B.A., English, Oregon State University, 1990

**Ferris, Jennifer – Cultural Resources**

M.A., Anthropology, Washington State University, 2008

B.A., Anthropology, University of Washington, 2001

**Germain, Grace – Air and Noise**

B.S., Civil Engineering, University of Santo Tomas, Philippines, 1983

**Hart, Bruce – Alternatives**

M.S., Biology, University of Akron (Ohio), 1997

B.S., Biology, Ohio State University, 1991

**Hess, Jonathan – Physical Task Lead, Geology, Soils**

B.A., Environmental Geology, Millersville University, 2008

**Holmes, Sara – Water Resources**

B.S., Pre-Veterinary Science, West Virginia University, 2002

**Jacks, Allen – Biological Task Lead, Vegetation, Water Resources**

M.S., Ecology, Coastal Zone Studies, University of West Florida, 1997

B.S., Biology, Georgia College and State University, 1994

**Koonjebharry, Amanda – Cumulative Impacts, Reliability and Safety**

B.S., Zoology and Botany, University of the West Indies, 2000

**Layton, Jackie – Editor**

A.A.S., Architectural Engineering, Delaware Technical and Community College, 1992

**Marsey, Peter – GIS Figures**

M.A., Geography, University of Toronto, 2004

B.A., Geography, University of Delaware, 2001

**Paul, Oliver – Land Use**

B.S., Environmental Economics Policy and Management, minor in Natural Resource and Environmental Law and Policy, Oregon State University, 2003

**Sechrist, Kim – Social Science Task Lead, Socioeconomics**

M.S., Environmental Science, Towson University, 2006

B.A., Biology, McDaniel College, 2004

*Cardno, Inc. is a third party contractor assisting the Commission staff in reviewing the environmental aspects of the project application and preparing the environmental documents required by NEPA. Third party contractors are selected by Commission staff and funded by project applicants. Per the procedures in 40 CFR 1506.5(c), third party contractors execute a disclosure statement specifying that they have no financial or other conflicting interest in the outcome of the project. Third party contractors are required to self-report any changes in financial situation and to refresh their disclosure statements annually. The Commission staff solely directs the scope, content, quality, and schedule of the contractor's work. The Commission staff independently evaluates the results of the third-party contractor's work and the Commission, through its staff, bears ultimate responsibility for full compliance with the requirements of NEPA.*
