Section I:

Section 1: Steps Taken to Apply the Presumption of Openness

The guiding principle underlying DOJ’s FOIA Guidelines is the presumption of openness.

Please answer the following questions in order to describe the steps your agency has taken to ensure that the presumption of openness is being applied to all decisions involving the FOIA. You may also include any additional information that illustrates how your agency is working to apply the presumption of openness.

Section I: FOIA Leadership

1. The FOIA requires each agency to designate a Chief FOIA Officer who is a senior official at least at the Assistant Secretary or equivalent level. Is your agency’s Chief FOIA Officer at or above this level?

   Yes

2. Please provide the name and title of your agency’s Chief FOIA Officer.

   Leonard M. Tao
   Director of Office of External Affairs

Section I: FOIA Training

3. Did your FOIA professionals or the personnel at your agency who have FOIA responsibilities attend any substantive FOIA training or conference during the reporting period such as that provided by the Department of Justice? Yes

4. If yes, please provide a brief description of the type of training attended or conducted and the topics covered.

   FOIA for Attorneys and Access Professionals by Department of Justice.
During FY2018 several FOIA professionals attended a two day training session at the Department of Justice that provided a detailed overview of FOIA procedural requirements, exemptions, proactive disclosure requirement and all major aspects of FOIA.

5. Provide an estimate of the percentage of your FOIA professionals and staff with FOIA responsibilities who attended substantive FOIA training during this reporting period.

FERC has one full time FOIA professional and sixteen individuals who work on FOIA matters along with other responsibilities. Internal training was provided for new employees and refresher training was provided to staff, as necessary. Special training sessions were also conducted for specific program offices to address issues and offer guidance on conducting effective electronic searches for responsive material. Approximately 80% of the FOIA professionals attended or conducted FOIA training during FY2018.

6. OIP has directed agencies to “take steps to ensure that all of their FOIA professionals attend substantive FOIA training at least once throughout the year.” If your response to the previous question is that less than 80% of your FOIA professionals attended training, please explain your agency’s plan to ensure that all FOIA professionals receive or attend substantive FOIA training during the next reporting year.

Section I: Outreach

B. Outreach

7. Did your FOIA professionals engage in any outreach or dialogue with the requester community or open government groups regarding your administration of the FOIA? Please describe any such outreach or dialogue, and if applicable any specific examples of how this dialogue has led to improvements in your agency’s FOIA Administration.

No

Section I: Other Initiatives

8. Describe any efforts your agency has undertaken to inform non-FOIA professionals of their obligations under the FOIA. Please also indicate whether your agency has considered including FOIA-related performance standards in employee work plans for employees who have any role in administering the FOIA.

Training for new employees and refresher training advised individuals of their roles and obligations under FOIA. This includes an employee’s obligations to provide responsive
material along with an opinion regarding the impact of the possible release of such material. These elements are critical to have a successful FOIA program. Performance standards for current FOIA professionals include pertinent language the clearly define the duties and responsibilities of such individuals.

9. If there are any other initiatives undertaken by your agency to ensure that the presumption of openness is being applied, please describe them here.
