UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Before Commissioners: Neil Chatterjee, Chairman;
Richard Glick and Bernard L. McNamee.
and James P. Danly.

Enable Gas Transmission, LLC

Docket No. CP14-23-000

ORDER VACATING IN PART AUTHORIZATION

(Issued April 2, 2020)

1. On July 17, 2014, the Commission authorized Enable Gas Transmission, LLC (Enable) to abandon and construct certain facilities for its Central Arkansas Pipeline Enhancement Project, including abandoning Line BT-19 by sale to CenterPoint Energy Resources Corporation (CenterPoint).¹
2. On March 5, 2020, Enable requested that the Commission partially vacate its July 17, 2014 authorization. Specifically, Enable states that it no longer seeks to abandon and sell the 1,024-foot long Line BT-19 to CenterPoint. Instead, Enable will retain Line BT-19 as part of its system.
3. Because Enable no longer intends to abandon Line BT-19 by sale to CenterPoint, we will vacate the authorization to abandon that line granted in the 2014 Certificate Order.

¹ *Enable Gas Transmission, LLC*, 148 FERC ¶ 61,046 (2014) (2014 Certificate Order).

The Commission orders:

The authorizations issued to Enable in the July 17, 2014 order are vacated, in part, as described above.

By the Commission.
