

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

PJM Interconnection, L.L.C.

Docket Nos. EL16-6-001  
ER16-121-000

NOTICE OF TECHNICAL CONFERENCE

(January 13, 2016)

By order dated December 28, 2015,<sup>1</sup> the Commission directed its staff to convene a technical conference in this proceeding, based on its finding that the issues raised by PJM Interconnection, L.L.C. (PJM) in its filing, regarding the allocation of Auction Revenue Rights (ARR) and Financial Transmission Rights (FTR), required the development of a more complete record. As directed by the December 28 Order, the technical conference will focus on whether PJM's existing ARR/FTR tariff provisions are unjust and unreasonable and whether PJM's proposed revisions to its tariff addressing these matters are just and reasonable. As further specified by the Commission, issues to be addressed at the technical conference will include, but are not limited to: (i) PJM's ARR modeling and allocation processes; (ii) treatment of portfolio positions in allocating underfunding or surplus among FTR holders and the potential for market manipulation; and (iii) balancing congestion in ARR/FTR product design.

Take notice that the technical conference will be held on February 4, 2016, in the Commission Meeting Room, at 888 First Street, NE, Washington, DC 20426, between 9:30 AM and 5:00 PM (Eastern Standard Time).<sup>2</sup> The Chairman and Commissioners may attend and participate in the technical conference.

The technical conference will be led by Commission staff. All interested participants are invited to attend, and participants who wish to contribute are invited to nominate themselves to speak at the conference by contacting a member of the staff listed below and submitting a speaker nomination form.<sup>3</sup> Due to time constraints, we may not be able to accommodate all those interested in speaking. Further details and a formal agenda

---

<sup>1</sup> *PJM Interconnection, L.L.C.*, 153 FERC ¶ 61,344 (2015) (December 28 Order).

<sup>2</sup> If the technical conference cannot be held on February 4, 2016 due to unavoidable circumstances, including inclement weather, February 9, 2016 is reserved as the back-up date.

<sup>3</sup> The speaker nomination form is located at <https://www.ferc.gov/whats-new/registration/02-04-16-speaker-form.asp>.

will be issued prior to the technical conference. The technical conference will be open for the public to attend. Advanced registration is not required, but we encourage those planning to attend the conference to register through the Commission's website.<sup>4</sup> We will provide nametags for those who register on or before January 28, 2016. Attendees should allow time to pass through building security procedures before the 9:30 AM (EST) start time of the technical conference.

Information regarding the technical conference will be posted on the Calendar of Events on the Commission's web site, prior to the event.<sup>5</sup> The technical conference will also be webcast, via the Calendar of Events, and transcribed. Transcripts will be available for a fee from Ace-Federal Reports, Inc.<sup>6</sup> The webcast will remain available on the Commission's website for three months following the technical conference. The Capitol Connection provides technical support for the webcast and offers the option of listening to the technical conference via phone-bridge for a fee.<sup>7</sup> The webcast will allow persons to listen to the technical conference, but not participate.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an email to [accessibility@ferc.gov](mailto:accessibility@ferc.gov) or call toll free 1-866-208-3372 (voice) or 202-502 -8659 (TTY); or send a fax to 202-208-2106 with the required accommodations.
